

1110. COUNCILLORS' REPORTS

To receive updates from Councillors on matters of special responsibility:-

Foreshore owner's liaison – AGM on Thursday – discussing overt CCTV security due to increase in marine crime.

Coleridge representatives – Clinical Commissioning Group gave out booklet with information.

Footpaths & hedgerows warden – Nothing to report.

Highways – Issue of construction/builders vehicles blocking road continues.

Harbour Liason – M. Harris read out report from Harbour Master Adam Parnell regarding security – I know that there was a productive meeting last week and have been discussing the issue of CCTV and vehicle registration plate recognition systems with the Police officers locally, and there is agreement that some form of security to dissuade marine crime (and other types of crime) is needed. Signage and bright lights which are activated by movement would be 'quick wins' and if nothing else, the appearance of a light on the shore would attract the attention of the night security patrol.

Proposed Look Out – Ongoing

Phone box – No report
